

# JULY IN THE GARDEN WITH NEUTROG

## JULY BIRTH FLOWERS

Just like birthstones, birth flowers are symbolic of the month we're born in, and each one carries a special meaning. Larkspur is the birth flower for July and the native birth flower is Adenanthos.

### LARKSPUR

Larkspurs are from the buttercup family and are a favourite choice for cottage gardens. They can grow to be 100cm tall and produce stunning spikes of spurred flowers.

Plant in an area with well-drained soil and incorporate Seamungus prior to planting. Once established, feed with Sudden Impact for Roses every 8-10 weeks throughout the growing season and water in with GOGO Juice.

# ADENANTHOS

Adenanthos, commonly known as woolly bush, is a shrub native to the south coast of WA. It has soft and velvety foliage and produces a flush of tiny coral flowers throughout spring and summer.

Plant in a position with full sun to part shade with well-drained sandy soil. Once planted, apply a layer of mulch and water regularly until the plant is established. Feed with Bush Tucker in spring and summer to assist during the growing period.

## PLANTING IN JULY

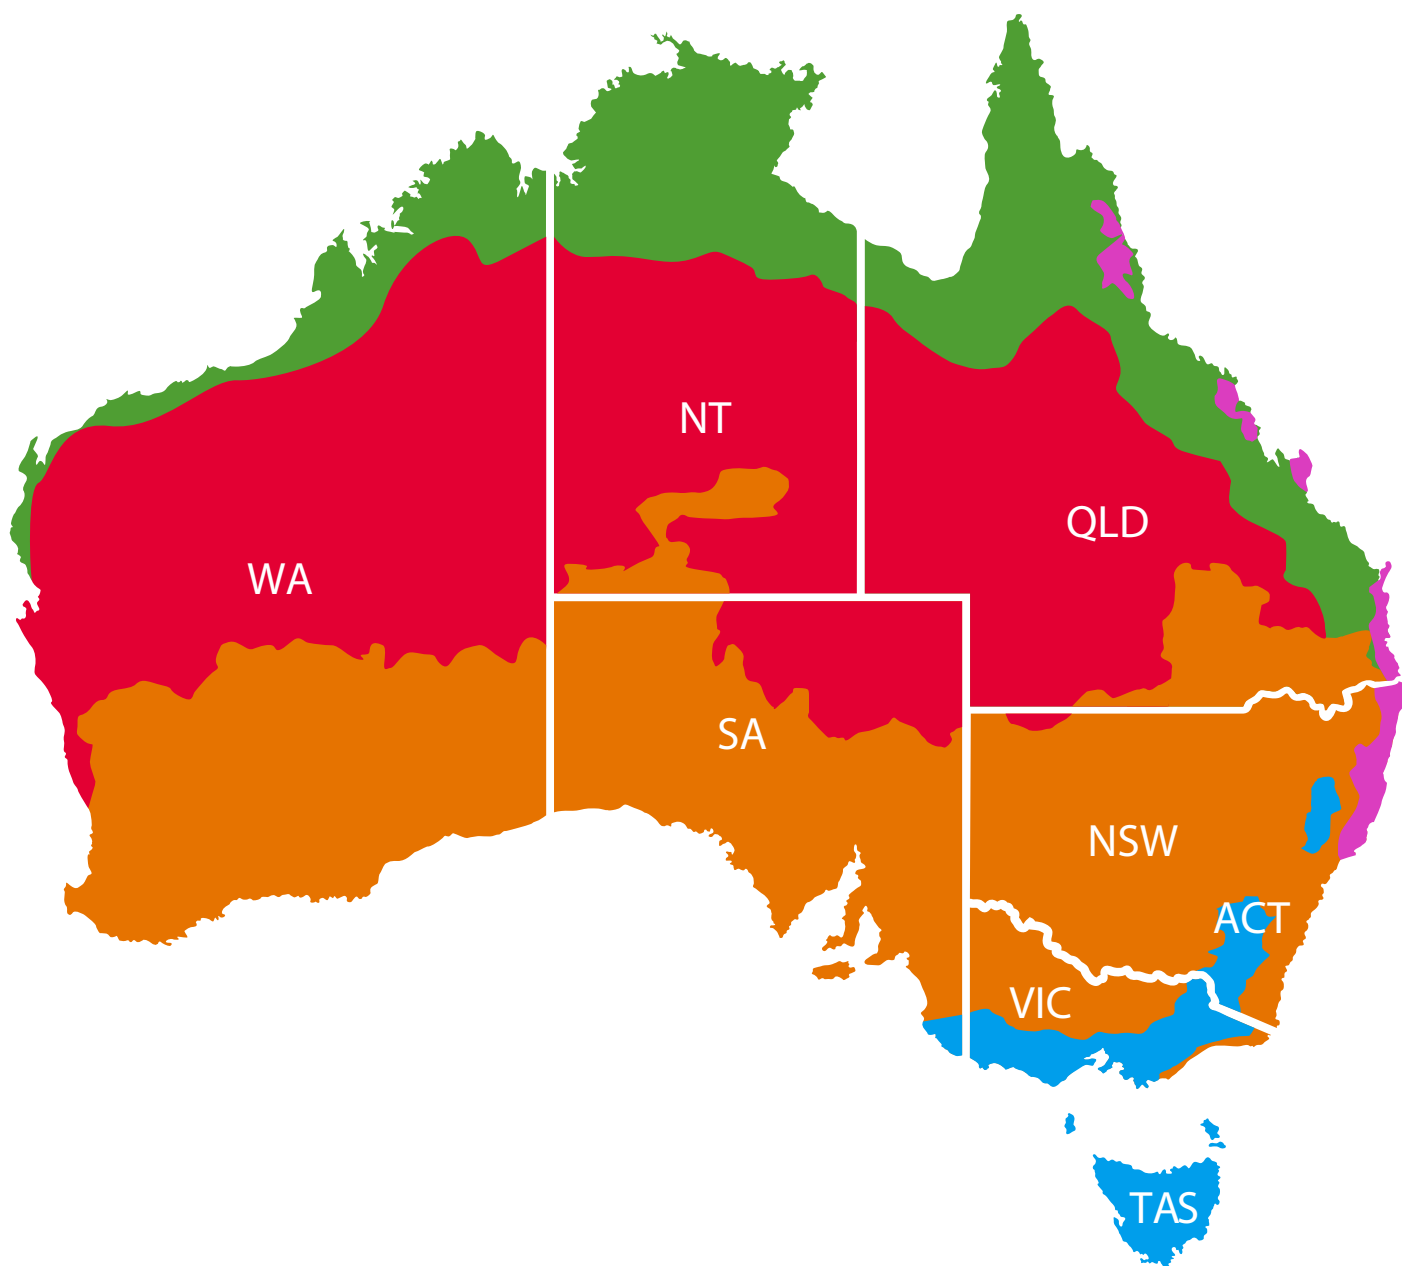

Don't forget your garden this winter, as while it seems there is very little happening above the soil, there is still plenty happening below the surface.

Equip your garden with biological products rich in seaweed, kelp and beneficial bacteria and fungi to ensure a thriving display once spring comes around. Seamungus and GOGO Juice are ideal for use in winter to help your plants resist frost, pests and disease as well as conditioning the soil and encouraging root growth.

Additionally, adding a layer of Whoflungdung to your garden at this time of the year will act as a 'blanket', protecting the plant roots while regulating soil temperature, improving soil structure with organic matter, and preventing erosion of top soil from heavy rain.

Seamungus, GOGO Juice and Whoflungdung are also our planting (and transplanting) trifecta to give plants the best start in their new home.

## COOL ZONE

(TASMANIA, ACT, MELBOURNE, BALLARAT, BENDIGO, GEELONG  
& MOUNT GAMBIER)

### FRUIT & VEGETABLES

Asparagus  
Broad Bean  
Carrot  
Celery  
Leek  
Peas  
Radish  
Snow Peas  
Silver Beet  
Spinach  
Spring Onion

### HERBS

Chives  
Dill  
Garlic  
Mint  
Oregano  
Parsley  
Rosemary  
Sage  
Shallots  
Thyme

### FLOWERS

Cyclamen  
English Daisy  
Lobelia  
Pansy  
Phlox  
Polyanthus  
Primula  
Snapdragon  
Stock  
Verbena  
Viola

## WARM ZONE

(SYDNEY, PERTH, ADELAIDE, INLAND NSW & VIC AND PARTS OF MELBOURNE)

### FRUIT & VEGETABLES

Asparagus  
Beetroot  
Broad Beans  
Cabbage  
Carrot  
Cauliflower  
Celery  
Peas  
Rhubarb  
Silver Beet  
Spinach

### HERBS

Chives  
Cress  
Dill  
Garlic  
Marjoram  
Oregano  
Parsley

### FLOWERS

Canterbury Bells  
Clarkia  
Hollyhock  
Larkspur  
Pansy  
Phlox  
Primula  
Schizanthus  
Snapdragon  
Stock  
Wallflower

## HOT ZONE

(ARID OR OUTBACK AREAS INCLUDING GERALDTON, WARBURTON, MT ISA & LONGREACH)

### FRUIT & VEGETABLES

Broad Bean  
Cabbage  
Carrot  
Lettuce  
Parsnip  
Pea  
Potato  
Pumpkin  
Radish  
Rhubarb  
Shallot  
Spinach

### HERBS

Chives  
Fennel  
Garlic  
Oregano  
Parsley  
Sage  
Rosemary  
Thyme

### FLOWERS

Aster  
Balsam  
Coleus  
Cosmos  
Impatiens  
Nasturtium  
Petunia  
Portulaca  
Rudbeckia  
Salvia  
Sunflower  
Torenia

## TROPICAL ZONE

INCLUDING BROOME, DARWIN & TOWNSVILLE

### FRUIT & VEGETABLES

Avocado  
Capsicum  
Citrus  
Cucumber  
Kale  
Okra  
Passionfruit  
Pawpaw  
Potato  
Pumpkin  
Strawberries

### HERBS

Dill  
Garlic  
Marjoram  
Mint  
Oregano  
Parsley  
Rocket  
Sage

### FLOWERS

Aster  
Balsam  
Calla Lillies  
Carnation  
Celosia  
Coleus  
Dianthus  
Gerbera  
Gingers  
Hibiscus  
Zinnia

## SUB- TROPICAL ZONE

BYRON BAY, BRISBANE AND ROCKHAMPTON

### FRUIT & VEGETABLES

Avocado  
Citrus  
Kale  
Leek  
Lettuce  
Onion  
Passionfruit  
Pawpaw  
Radish  
Strawberries  
Tomato

### HERBS

Chicory  
Comfrey  
Cress  
Dill  
Fennel  
Lemon Balm  
Marjoram  
Mint  
Rocket  
Sage  
Thyme

### FLOWERS

Begonia  
Carnation  
Cineraria  
Cornflower  
Delphinium  
Dianthus  
Impatiens  
Marigold  
Poppy  
Primula  
Salvia

# FERTILISING IN JULY

**Year round  
fertilising for  
year round  
health**

Like humans and animals, plants  
require regular feeding throughout the year  
– at least once in each season.

Happy, healthy, well nourished plants are more  
resistant to pests, diseases, heat stress and frost.

## PLANTING

Plant bare-rooted roses, fruit trees and ornamentals. Incorporate Bounce Back throughout the soil & sprinkle around the top once planted. Water in well with GOGO Juice and mulch with Whoflungdung.

## WINTER COLOUR

You can get a brilliant display with pots, hanging baskets, garden borders or spots of lively colour to brighten your winter garden. Add Rapid Raiser throughout the soil or potting mix and once established feed fortnightly with liquid Strike Back for Orchids.

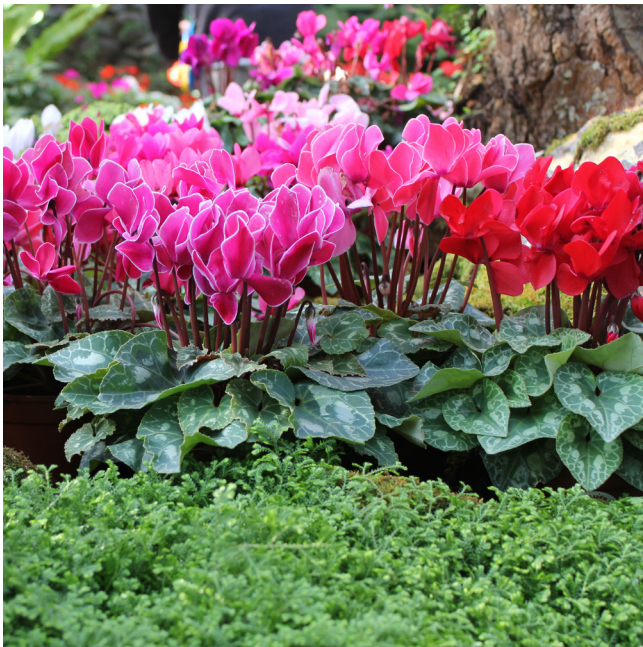

## ACID LOVING PLANTS

Camellias, azaleas and daphne are in flower now. Apply Kahoona every 8 weeks to keep them blooming and for early spring flowering varieties so that they set strong flower buds. Water in with GOGO Juice.

## LAWNS

Now is the time to fertilise your lawn for winter. Blade Runner or Seamungus Crumble are ideal choices for winter, followed by GOGO Juice.

## STUNNING WINTER PLANT

Cyclamen love the cold so you can do as Fred Flintstone did with Dino, and pop them outside for the night! Remove finished flowers by hand. Gently twist from the base of the flower stem. Feed fortnightly using Sudden Impact for Roses liquid. Don't overwater.

## MULCHING

Keep an eye on how much rain you've had. It is cold, but it may also be dry, so watering might be required. If you've not already done so, mulching with Whoflungdung will assist greatly in retaining moisture, suppressing weeds and applying a gentle level of nutrition to your garden.

# NEUTROG POT GUIDE

All potted plants will need a feed to keep them thriving throughout the year.

Application rates differ depending on the size of the pot you are using, so to make it easier for you, we have put together this simple guide.

Pot Size	40"/100cm	30"/76cm	20"/50cm	12"/30cm	6"/15cm
Strike Back for Orchids:	100g	75g	50g	30g	15g
Sudden Impact for Roses:	185g	135g	85g	45g	15g
Kahoona:	185g	135g	85g	45g	15g
Seamungus:	250g	190g	125g	75g	40g
Bush Tucker:	150g	115g	75g	45g	25g
Cyganic:	185g	135g	85g	45g	15g
Human Beans:	185g	135g	85g	45g	15g
